

1-7 CAB CHASSIS DRAWINGS

No.	Vehicle model	Drawing
1	PHR54AU-CA1YIN	Fig.1-7-1

- Note:
- X,Y and Z dimensions of drawing are calculated to "1-2 CAB CHASSIS WEIGHT AND AXLE LOAD CAPACITY" and "1-5 FORMULA FOR CALCULATING GROUND HEIGHT OF CHASSIS FRAME TOP SURFACE".  
The dimension may be different from the actual size. Confirm by actual measurement before conducting rear body mounting, if required.
  - The outer most measurement of rear tire is a reference dimension.  
The dimension may be different from the actual size. Confirm by actual measurement before conducting rear body mounting, if required.
